OBJECTIVE

A job in my profession would be the most important but I also want to gain relevant professional experience as well as to develop my existing knowledge in my field of profession.

WROK EXPERIENCE

2022. January –

Application & Technical Support Epxert • Vodafone Hungary Zrt.

2020. October – 2021. December
Technical Help Desk Expert • Vodafone Hungary Zrt.

2017. May – 2017. July
System Administrator Intern • D&D Drótárú

STUDIES

Baross Gábor Vocational High School
- Graduated and got a basic software engineering qualification, I've also obtained a System Administrator certification. 3142/9 FEOR

Kandó Kálmán IT High School
- I've studied software engineering mainly in HTML, CSS, Boostrap, JavaScript, and in .Net C#. OKJ 54 481 05

Zero To Mastery Academy: React, JavaScript
- I've completed a React JS and Advanced JavaScript course on Udemy. And currently I am learning React Native also on Udemy by ZTM Academy.

LANGUAGE

English – Advanced

Advanced English skills both written and verbally. I was also part of many Erasmus+ projects where we mainly communicated via English and had to hold many speak ups in front of big audiences.

Hungarian – Native
